Automotive Technology

Palo Verde College OPEID: 001259

Automobile/Automotive Mechanics Technology/Technician
Classification of Instructional Program Code: 47.0604

PVC Program description:
The Automotive Technology program provides for entry level skills in the automotive field. The program is designed to impart in-depth technical skills as required in today's highly technical automotive field. Preparation for employment in the automotive and/or transportation trades, with upgrading and specialization skills for those currently employed will be stressed. This program emphasizes practical experience in actual repairs under simulated shop conditions.

Palo Verde College offers a Certificate in Automotive Technology. This program is normally completed in 9 months.

RELATED OCCUPATIONS:

- Automotive service technicians and mechanics
