Here are some interesting facts about donating blood:

2. A single donation can take about one hour or less. *The time it saves for our local patients however, is priceless.*
3. Type O negative blood is universal: There are four major blood types: A, B, AB, and O. *Every blood type is always needed.*
4. Blood is rigorously tested before use: Before a blood transfusion, it must be tested for infectious diseases and viruses.

Hispanic Heritage Month

Hispanic Heritage Month is an official celebration of American citizens whose ancestry can be traced back to Spain, Mexico, Central and South America and the Caribbean. It pays tribute to the generations of Hispanic Americans who have positively influenced and enriched our nation and society.

The festival lasts from September 15 to October 15. The celebration starts in the middle of the month, as opposed to the end, because the 15th marks the independence days of five Latin America countries: Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua. Mexico, Chile, and Belize follow shortly after, on the 16th, 18th and 21st.

National Video Games Day

National Video Games Day is observed annually on Sept. 12. Video game players across the United States enjoy this day with much pride and enthusiasm. From their earliest days, video games have transformed into something more than just a 2D interactive experience – transcending use cases and becoming an industry on its own. National Video Games Day is a day to celebrate this new-ish pastime! So grab a friend, a couple of controllers, and sidle up to your favorite gaming console.

International Talk Like a Pirate Day

International Talk Like a Pirate Day was founded by John Baur and Mark Summers (aka Ol' Chumbucket and Cap'n Slappy) in 1995. It was June 6, 1995, and there was a group of men playing racquetball, and throughout they were shouting encouragement to each other. On this particular day, for reasons unbeknownst to them, they started shouting piratical slang at each other. From there it just kind of took on a life of its own, and they realized by the end of the game that it was necessary that they establish a holiday to celebrate that encouraged the use of such a fine vernacular.

As you are out and about on September 19th, don't be surprised if people are saying, "Ahoy Matie," "Avast," "Aye, Aye Capt'n," "Land ho!" and many other pirate-like phrases!

Childhood Cancer Awareness Month

Families, caregivers, charities and research groups across the United States observe September as Childhood Cancer Awareness Month. In the U.S., 15,780 children under the age of 21 are diagnosed with cancer every year; approximately 1/4 of them will not survive the disease. A diagnosis turns the lives of the entire family upside down. The objective of Childhood Cancer Awareness Month is to put a spotlight on the types of cancer that

Constitution Day

Constitution Day (or Citizenship Day) is an American federal observance that recognizes the adoption of the United States Constitution and those who have become U.S. Citizens.
