

# Welding Technology, COP

The program of studies in Welding Technology is designed to provide comprehensive occupational training in welding methods currently used in the welding fabrication industry. Students will be taught the manipulative skills and the technical knowledge required to operate oxyacetylene, shielded electric arc, MIG, TIG, and semiautomatic flame cutting. They will be prepared for certification as required by employment in the welding industry.

## Requirements: 9 Units

Course	Title	Units
WEL120	Intro Welding Princ & Pract	3
WEL121	Resistance Welding and Special Welding Applications	3
WEL122	Principles and Practices of Metal Technology and Professional Welding	3

**Total Required Units: 9**
