

**Contracts - Construction**

Reference: Education Code Sections 81800; Public Contracts Code Sections 20650 et seq., 22000 et seq.

The Superintendent/President shall be responsible for the planning and programming of new construction, alterations and repairs of existing plants, and leasing of facilities that require state approval. This includes the planning and programming of college-initiated new construction, additions to existing plants, and major alterations and repairs of buildings and grounds.

The Superintendent/President shall be responsible for the preparation of drawings and specifications for new buildings, leased facilities, additions, major alterations and improvements of buildings and grounds together with estimates of costs.

The preliminary drawings, which shall cover all proposed facilities together with construction cost estimates, shall be submitted to the Board for approval and authorization to proceed with the working drawings and specifications. Upon completion, the working drawings, specifications and revised cost estimates, if any, will be submitted for approval to the State Chancellor's Office and the State Department of General Services as required by statute in the name of the Board of Trustees.

When appropriate, the final working drawings and specifications, approved by the Division of State Architects (DSA) and the State Chancellor's Office, together with revised estimates, if any, shall then be submitted to the Board of Trustees for adoption.

The bidding of contracts for construction shall comply with procedures of the District regarding contracts that exceed the statutory minimums for competitive bidding.
