

NUR 268: LVN-RN Transition will be offered to LVNs who have passed the NCLEX Exam and are ready to transition into our RN Program at Palo Verde College. This course is an advanced placement (bridge) course for LVNs only. This course will be offered only in the Fall semester as LVNs accepted into the RN program can transition into the 3rd semester of the program in the Spring semester. The course is 4-units and focuses on the concepts of safe, quality evidence-based care, critical thinking, caring, professionalism, leadership, collaboration/communication, and nursing informatics. The course consists of one and a half hours of lecture per week and an 8 hour day of clinical/lab to prepare LVNs for a successful transition into the RN program

*In order to register for the course, you must see a counselor and have your RN application complete and submitted.

*Prerequisites for the ADN program need to be completed prior to applying for the Associate Degree in Nursing (ADN) program.
