## 2. Public Commentary

---

**Subject**                      **2.1 Public to Address the Senate on Agenda Items**

Meeting                      May 10, 2022 - Academic Senate Meeting

Category                      2. Public Commentary

Access                      Public

Type                      Procedural

The public (non-senators) is welcome to address the Senate about items on the agenda only. Each speaker has a time limit of five minutes. While a speaker has the floor, Senators will refrain from comments, questions, discussion, and call for action.

Pursuant to the Brown Act Government Code Section 54954.2(a): "No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under Section 54954.3."

## 3. Old Business

---

**Subject**                      **3.1 Rising Scholar's Program**

Meeting                      May 10, 2022 - Academic Senate Meeting

Category                      3. Old Business

Access                      Public

Type                      Information

**Academic & Professional Responsibilities for Correspondence Ed**

- maintain course rigor
- align course assignments & exams with COR
- provide an environment that promotes academic honesty
- foster a learning environment that supports DEIA
- communicate with professional courtesy

**Fall 2022**

- No proctoring
- Please try to submit all course materials by May 15th

**Spring 2023 & Onward**

Review the attached draft from Guided Pathways on the idea for the **Lifecycle for Rising Scholar's Correspondence Ed**.

- Please note, it is proposed that we do not offer any correspondence courses to CDCR students for Summer 23 or Summer 24.
  - CDCR educational staff and yards are closed for 2 weeks in the summer term.
  - Some are closed for 3 weeks, because many staff take additional vacation during that time.
  - Most faculty are not local for summer and require the student work to be mailed out to them, which causes further delays.
  - We cannot meet Title 5 regs for on-going, incremental feedback to students seven (7) times with only 3 or 4 weeks.
  - We will re-evaluate bringing these sections back for Summer when laptops become available for CDCR correspondence students. We estimate that to be Summer 2025.

Type Information

### **Invention and Inclusive Innovation (i3) Initiative**

Palo Verde College was recently awarded a grant to support higher education faculty, staff, students, and the community to develop a deeper understanding of invention processes and practices.

The learning approach is particularly impactful for those underrepresented in STEM college and career pathways. Invention Education i3 teaches students about the possibilities for making a difference in their local and global communities through invention diversity, inclusivity, and equity as pillars to success.
