

Survey Highlights # 10

Segment Analysis of Item 034: Computer labs are adequate and accessible.

This analysis focuses on selected characteristics of students responding to this item, which is classified as an area of “Challenge” for the College because students perceived it as having high Importance and either low Satisfaction or high Gap. The boxed figures highlight areas of exceptionally large Gap, that is, ≥ 0.90 .

34. Computer labs are adequate and accessible.

It is not clear why students in these age segments responded as they did about access to computer labs, unless they reflect the student populations at the Needles Center and at the correctional facilities.

The Needles Center does not have extensive computer labs, nor do the correctional facilities. The new Needles Center facility is expected to have computer labs. However, the extent of computer usage at the correctional facilities is limited to what is permitted by prison officials.
