## Welcome to Palo Verde College!

Your decision to pursue a college education is among the most important decisions you will make in your lifetime. It has been said that knowledge is power, and community college is the door through which many people have discovered the power to become more successful in life. According to research, people with a college degree have a much better chance of finding a job as compared to those who do not have a degree, and workers with a college degree will earn over a million dollars more in their career than those who do not have a college degree.

Your decision to make Palo Verde College the next step on your educational journey is an excellent one. Many successful people have made the same choice you are about to make and started their educational journey at a community college including Walt Disney, Halle Berry, Jackie Robinson, Jenni Rivera, Governor Arnold Schwarzenegger, and U.S. Representative to the United Nations, Gaddi Vasquez to name a few.

Palo Verde College can help you to achieve your educational goals whether you want to get a good paying job immediately after college, or you want to continue on with your education toward more advanced degrees. As a fully accredited institution, our transfer courses are accepted at CSU and UC system sites and your two year degree or certificate of completion is highly regarded in our community, surrounding areas, and throughout the State.

I congratulate you on your decision to attend Palo Verde College. Please take a few moments to review the college catalog and learn about the programs and services available to you here at Palo Verde College. Our outstanding instructors, counselors, and support staff are all available to help make your college experience successful and rewarding. We look forward to seeing you on campus, and thank you for becoming a member of the Palo Verde Community College family!

# ELIGIBILITY AND RESIDENCY

## WHO MAY ATTEND/ELIGIBILITY

Admission to Palo Verde College is open to anyone who is a high school graduate, who possesses a GED certificate, or who holds a High School Equivalency Certificate. Those who are not high school graduates or do not have one of the equivalencies but are eighteen (18) years of age and show evidence of being able to benefit from instruction may attend the college. High school students in the 11th and 12th grades, with the recommendation of their high school counselor, may attend. Those students below 11th grade may attend if they have parental consent, approval from the counselor or school principal, the petitions committee, and the college governing board. Enrollment in some courses will be limited (some examples: classes are full, limitations due to available equipment, or safety regulations). See college catalog for college approval process.

## NEW VS. RETURNING VS. CONTINUING

### New Students

You are a new student if you have never filed an application nor enrolled in courses offered by Palo Verde College.

### Returning Students

You are a returning student if you have previously filed an application and attended Palo Verde College but have been away for two (2) regular semesters or more.

### Continuing Students

You are a continuing student if you were registered and attended Palo Verde College during the 2022 Spring Semester.

## RESIDENCY

Palo Verde College defines a resident as a person who intends to make California his or her permanent home and has resided within the State for one year prior to the residency determination date, which is one day prior to the first day of classes of each semester or summer session. The requirements necessary to demonstrate intent to become a California resident are available from the Admissions and Records Office.

Please note: If you hold a non-immigrant visa or a permanent visa, and/or if you have applied for amnesty, you will need to bring your passport visa and/or I-688 form to the Admissions and Records Office at the time you apply.

### Undocumented Students

If you are a new or returning student and undocumented, you may be considered a non-resident for tuition purposes. There are, however, no limitations in your enrollment.

### Foreign Students

Foreign students (those attending on F-1 visas) are considered non-residents. If you are a foreign student and have completed the equivalent of an American high school education with satisfactory grades, you may be admitted to Palo Verde College, however, certain restrictions apply. Please consult the college cata-

log or counselors for details concerning applications and registration.

### Military Students

Military personnel and their dependents are considered residents during the first year in which active duty began in California, but they must establish residency thereafter.

### Reclassification to Resident Status

Students who have been classified as non-residents are not automatically reclassified as residents. Reclassification to resident status must be initiated by the student. Students interested in changing their classification should consult and submit a reclassification petition with the Admissions and Records Office prior to end of the current semester for residency status to become effective the coming semester.

The petition must be accompanied by documentation which verifies the student's interest to become a California resident, evidence of physical presence in California for at least one year prior to the coming semester's start date, and evidence of financial independence. The law clearly states the burden of proof for proving residence rests with the student.

# GENERAL INFORMATION

## Limitations on Enrollment

The Palo Verde Community College District has a curriculum policy regarding prerequisites and corequisites that limits enrollment in courses for students who do not meet the prerequisite or corequisite requirements. For purposes of this policy the following definitions apply:

- A. **"Prerequisite"** means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.
- B. **"Corequisite"** means a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

Please refer to the course description listed in the college catalog in our website ([Palo Verde College](http://www.paloverde.edu) at [www.paloverde.edu](http://www.paloverde.edu)) to determine specific enrollment requirements. Students who do not satisfy the requirements will not be permitted to enroll in the course, unless they are approved through the challenge process. See a counselor for further information.

Students will be enrolled in the course pending the outcome of the process. If the challenge is denied, students will be administratively withdrawn from the course, all fees will be refunded, and no drop charges will be made.

NOTE: Students must pass the prerequisite course with a grade of "C" or better.

## Attendance - First Meeting

Courses with low enrollment may be canceled after the first class meeting. This makes it extremely important that you and your classmates be officially enrolled in and attend the first meeting of your courses. Course outlines, grading procedures, instructor's expectations, assignments, etc. are normally covered. Get off on the right foot. Be there!

## Attendance - In General

A student in a California public community college is expected to attend all sessions of each course. It is the student's responsibility to contact instructors regarding any absences.

The acceptance of an excuse for an absence other than illness or official leave of absence is at the discretion of the individual instructor. The acceptance of an excuse due to illness or strictly unavoidable circumstances may be excused if the cause is explained to the instructor. Any absence, excused or otherwise, in no way relieves the student of the responsibility for completing the work of the course to the satisfaction of the instructor.

## Withdrawal From Courses/College

Any student leaving Palo Verde College at any time after registration must formally withdraw from the College through Student Services. Withdrawal from courses is the responsibility

of the student by submitting a Student Schedule Change to their counselor. Failure to submit the completed form will result in a failing grade for each course. Please refer to college catalog for additional information.

## Late Registration

Students should realize that even though there is some time after courses begin, enrolling late makes it increasingly more difficult to successfully complete the course with each missed class meeting. Additionally, course selection may be extremely limited.

## Graduation and Certificates of Achievement

If a student plans to graduate or receive a certificate, they must apply for an evaluation of their records prior to the last official day of registration of the last term they will attend.

## Time Conflicts

A time conflict occurs when you attempt to enroll in one or more courses scheduled to meet at the same time. Even an overlap of only five minutes will cause a time conflict. State regulations do not permit any time conflict.

## Release of Student Information

Palo Verde College adheres to the policies of the Family Educational Rights and Privacy Act (FERPA) while establishing and maintaining student records. # METHODS OF INSTRUCTION

## Face-To-Face

In a Face-To-Face course 100% of the course is conducted in the traditional classroom/lab with an instructor.

## Interactive Television - TELEVISED (ITV)

Instruction is offered via interactive television (closed circuit) to both Blythe students and Needles students. These courses can originate in either Blythe or Needles and are televised in real-time to the other campus.

## Correspondence Education

This method of instruction allows students to receive lessons and exercises via the mail or electronic transmission including examinations on the materials to students who are separated from the instructor. Upon completion, students return those materials for analysis, criticism and grading. Interaction between the instructor and student is limited due to separation. Instruction may be wholly by correspondence or a combination of home study and residential training. Typically, correspondence courses are self-paced; although a regular cycle of assignment submissions and delivery of feedback is established for facilitated learning. Correspondence is not distance education.

## Online

All instruction occurs online. Access to e-mail and the Internet is required. Students may be required to complete work using e-mail, chat rooms, discussion boards, and other instructional tools via the Bridge

## Hybrid

This method of instruction incorporates in-person learning with virtual/online learning. Access to e-mail and the Internet is required. Students may be required to complete work using e-mail, chat rooms, discussion boards, and other instructional tools via Canvas.
