

# Child and Adolescent Development for Transfer

The Associate in Arts in Child and Adolescent Development for Transfer will prepare students for admission to a CSU school in the same or similar major. Students completing this degree will acquire a foundation in the theories and principles of growth and development, from conception through adolescence. The program provides a basis of knowledge in child development, psychology, biology, and statistics. Students who complete this degree are guaranteed admission to the CSU system, but not to a particular campus.
