

# Fire Science Fire Command Certificate, COA

Students who wish to concentrate on meeting the requirements for Fire Command for entry level employment in the fire service or promotional opportunities will develop the required knowledge, skills and abilities in the area of Fire Command and in fire suppression, fire prevention, training and administration. Opportunities also exist with private industry safety programs, insurance companies and fire equipment manufacturing firms. Through the expertise of the faculty and the exposure to professional fire service personnel, students can expect to be trained in the latest theories and techniques in Fire Command, fire technology, firefighting skills and emergency medical training.
